Log Core

Inside Log Help For Those Into Log Buildings

NEW

Tintable caulk. Just add paint.

eXact Color Sealant

eXact Color Tintable Caulk - just add paint or stain. The sealant that integrates into your design. eXact Color tintable caulk is a high-performance caulk that allows you to customize the color to match your specific needs. It's ideal for use in a variety of applications, including sealing around siding, filling in gaps in baseboards and trim, caulking cabinets, and more. Available in single tube DIY kit or a contractor case pack of six. **Made in the USA.**

You add either Water Based Paint or Stain only (30 Mil paint or 10 Mil stain) to the tube with the included plunger, shake for about 30 seconds until the color is thoroughly mixed, add the activator/thickener and shake again to make your Exact Match Color. Let set for 30 minutes and you are ready to use. The eXact Color then preforms like [BigStretch caulking](#). Available in a single tube DIY kit for homeowners and a contractor's case of six.

Where to Use:

- Backsplashes
- Baseboards
- Cabinets
- Countertops
- Metals (may discolor copper)
 - Moulding
 - Plastics
 - Siding
 - Stained Logs & Woodwork
 - Trim
 - Walls & Wallpaper
 - Windows & Doors

Where Not to Use:

- Areas of water submersion or frequent, prolonged puddling
- Areas with high foot and/or vehicle traffic (driveways, sidewalks, decks, patios, etc.)
- Roofs exposed to prolonged dampness (use Sashco's Through the Roof!® instead)
- Will not adhere to or is incompatible with Kynar®, Polypropylene, Waxes, Polyethylene, and Silicone. *Kynar® is a registered trademark of its respective owner.

Exact Color 10.5 oz - Tube C190-12010 **\$15.99**
Exact Color 10.5 oz - Case C190-12005 **\$77.99**

NEW TOOL TALK

ADLER YANKEE 32" is a forester's axe for felling medium to large sized trees. Also, a great all-purpose companion on the farm or ranch. Ergonomic US-hickory handle with unique anti-slip paint for better grip. The head shape is the classic "Yankee" pattern. Each hatchet comes with a heavy-duty leather sheath. [Made in Germany.](#)

Head weight: 3½ lbs
 Total weight: 5.3 lbs
 Head mount: wood and 2 round metal wedges
 Handle length: 31½"
 Handle type: US sourced hickory, ergonomic curved shape
 Handle colors: Black (anti-slip) and red
 Sheath: Heavy duty leather with robust button (Made in Lithuania)
 Steel type: C45
 Rockwell hardness of head: 47-55 hrc
 T333-AD-AXE32YANKEE **\$144.00**

Order Online

BARR HEWING KNIFE

Hand forged and highly praised by handcrafters for its ability to hold an edge and ease of use, as well as its quality of construction. Drawknives are designed for peeling with a maximum amount of control and used with the beveled side down. Handles are angled to approximately 20 degrees, making a very comfortable knife to use. The Hewing Knife has a 9½" cutting edge, is 3" wide and 21" wide. Different from the other Barr Drawknives, the curved blade is designed to give a hand-hewn texture on your timbers and logs. Professional sharpening recommended. [Made in the USA.](#) 332-3008-751 **\$178.05**

Order Online

HALDER SPLITTING WEDGE is twisted perfectly by 20°, the forged and solid twisted splitting wedge delivers a great amount of splitting action and will not even shrink back from the challenge of splitting knotted wood. The strike plate is ground and designed with a chamfer. Despite their weight of 6.83 lbs, the recessed grips on the sides provide for secure handling and insertion of the wedge into the wood. Slanted grooves keep the wedge from rebounding - even in frozen wood. Its orange powder coating makes the wedge easy to find at all times. [Made in Germany.](#) T332-3556-260 **\$66.99**

Order Online

HALDER SIMPLEX SPLITTING MAUL

with cast iron housing and hickory handle combines two tools into one, a splitting maul and a soft-face mallet of the highest professional quality. Halder's SIMPLEX splitting maul offers a significant savings in cost compared to the individual purchases of the tools. The top-tier quality of the product has been confirmed by the committee for forestry work and forestry technology (KWF). Made from high-grade carbon steel, the drop-forged splitting insert delivers extremely high splitting action thanks to its turned nose. This effect is amplified by its total weight of 9 lbs and high top heaviness. The leather cutting protection prevents injury during transport.

The hard nylon insert with D60mm and made of polyamide offers outstanding impact qualities and is guaranteed to combine maximum strength with unique durability. It is composed of extruded and extremely homogeneous material. Compared to injection moulded plastic inserts, it is therefore considerably more wear-resistant and durable and will never chip even in sub-zero temperatures. Using the soft side when wedging the wood open entirely eliminates the risk of injury from metal splinters. What is more, the service life of plastic and aluminium wedges is extended substantially. Made of cast iron, the housing comes with an integrated handle protection sleeve that provides for a high level of break resistance. The long-fibre and ultra durable hickory handle is varnished and shaped ergonomically. In line with the smart SIMPLEX principle, all components are replaceable and can be retrofitted. This translates to savings in both money and resources. [Made in Germany.](#) T332-3008-160 **\$233.70**

TIMBER TOOLS LARGE SLICK

3½" x 31" with a 7½" sole. Leather sheath included. [Made in Canada.](#) T217-SLICK325 **\$247.00**

Order Online

TIMBER TOOLS SHIPS CARPENTER'S ADZE

Specifically designed for hewing timbers. The blade is curved in both axis directions, enabling a concave slice, when striking the timber surface. When used in conjunction with scarf slick and the Montana Hewing knife, your timbers will have a terrific hand-hewn look. Hand-forged toughness makes this an incredible adze to use. Comes with a custom fit handle made of American Hickory, 34" long. 4½" cutting edge. Snap-lock leather guard included. [Made in Canada.](#) T217-TT ADZE CARP/SHIP **\$249.00**

Order Online

AXES AND HATCHETS

GRÄNSFORS BRUKS

A family of high quality Swedish hand forged tools with a 20-year guarantee. Each axe comes with a grain-leather sheath.

GRANSFORS HAND HATCHET

The distinguishing feature is its short handle relative to the size of its head. It is extremely practical to carry in your rucksack on forest walks, or to keep in the car as it takes up very little space. The shape of the sheath, which covers the edge and the top part of the poll, also stops the axe head cutting into your rucksack. An excellent scouting and camping axe. Despite its short handle, it can fell small trees, limbing, and splitting kindling and firewood. 9.45" long and weighs 1.32 lbs. T074-480413 **\$175.00**

SMALL HATCHET

Cliff Jacobson, *Tactical Knives Magazine* writes: "It will fillet a fish, skin a moose, ... pound tent stakes and chop vegetables. And it will ride as lightly on your hip as the average hunting knife." 10" long and weighs 11 ounces. T074-480410 **\$169.00**

SMALL FOREST AXE

Same size as the Hunter's Axe but a more traditional pattern and poll, or butt. The handle is long enough to allow powerful chopping but not too long so it will fit into a rucksack, the back of a car, or a boat. The axe has a 3¼" face and a 19" hickory handle and the head weighs 1½ lb. It comes with a grain-leather sheath. **\$195.00**

CERAMIC GRINDING STONE

A man-made sharpening stone with two grinding faces: a coarse side (180 grit) for repairing damage and heavy wear, and a fine side (600 grit) for sharpening axes. T074-4034 **\$55.00**

GRANSFORS OUTDOOR AXE

Developed with the help of survival expert Lars Fält.

Although light, it can fell a tree, thanks to its relatively long handle and heavy, elongated head. It is also excellent for limbing a tree. The handle has a protective steel collar near the head so that it can be used for light wood splitting tasks and can also be used as a large knife. 14.5" long, weighs 1 lb.

T074-480425 **\$209.00**

HALDER HAND AXE

The robust all-metal design made from special heat-treated steel is forged in one piece and finely ground and polished. The blade is carefully hardened and ground to sharpness. The hand-made, anti-slip leather handle also absorbs moisture and releases it again when the work is done. Over time, it will fit the shape of the hand. Weighing 2.2 lbs with a length of 16", it is perfectly balanced for optimum handling. High-quality leather sheath. *Made in Germany.*

Hand Axe \$173.65

Hand Axe & Gift Box \$191.15

NEW AXE WAX

Based on an antique recipe, the wax blend brings ancient ingredients into the modern world. Axe Wax dries fast, is completely natural and food-safe, and provides excellent resistance to water. Axe Wax provides unparalleled protection for leather, steel, and wood. *Made in the USA.* 2 oz. AXEWAX **\$22.00**

HULTS BRUK ANNIVERSARY AXE

2022 marked the 325th anniversary since Jacob Reenstierna established the Hults Bruk iron and steel factory in 1697. The factory has created a commemorative limited edition axe. Hand forged, razor sharp, and weighing 1.25lb, it has a length of 15".

T089-H840011 **\$184.00**

HULTS BRUK

Originally founded in 1697 in the Hulta Valley of southeastern Sweden. Quality hand forged, each axe comes with a grain-leather sheath and hickory handle.

HULTS BRUK ALMIKE HATCHET

A perfect size for camping, cutting small firewood, and fine carving. A life long all-purpose tool for garden, camp, or wilderness survival. It can be worn on a belt or tucked in a pack. One pound head and a 16" handle with an overall weight of 1¾ lbs.

T089-H840702 **\$169.00**

Replacement Handle T089-H840702H **\$39.00**

Replacement Sheath T089-H840762S **\$22.00**

HULTS BRUK JONAKER

Ideal for your pack or belt for tasks such as making kindling, doing light clearing, and for any number of back-country jobs. It has a 1 lb. axe head and a 9.4" handle; overall weight is 1½ lbs.

T089-H840762 **\$164.00**

Replacement Handle T089-H840762H **\$39.00**

Replacement Sheath T089-H840762S **\$22.00**

HULTS BRUK KISA FELLING AXE

A compact axe with a head weight of 2 lbs. and a handle length of 26". Comparable to the Gransfors Bruks Scandinavian Forest axe. Great for hunting and camping.

T089-H840722 **\$184.00**

Replacement Handle

T089-H840722H **\$39.00**

NEW TOOL TALK: HELLE KNIVES

HELLEFISK KNIFE only weighs 2.26 ounces, making this a knife you can pack on any trip. Originally intended as a fishing knife, it can be applied to a wide variety of tasks. Often used in the outdoor kitchen. The lightest Helle knife is made with a barrel shaped cork handle. The cork makes it warm to hold with your bare hands, even in really cold weather. It even floats if you should drop it in the water (not recommended). It has a 12C27 steel blade sharpened to the familiar Helle sharpness, right out of the box. **Made in Sweden. \$114.00**

Blade Construction: Stick tang
Blade Thickness: 0.051"
Handle Material: Cork
Length - Blade: 4.84"
Length - Handle: 5.12"
Length - Overall: 9 5/8"
Weight with Sheath: 3.67 oz

Order Online 

See More New Products Online!

HELLE NYING KNIFE is maybe their most classic Helle knife. Short and stubby and with a distinct design like no other. Some consider it ugly, but for the many who use it, it is loved for long carving sessions by the campfire. The handle is generously proportioned to give a good grip and control over the blade.

A slight fingerguard to guide your hand to a safe handle position, even if held close to the blade. This is a knife used for quality time and carving and includes an attractive leather sheath. **Made in Sweden. \$114.00**

Blade Construction: Stick Tang
Blade: Triple laminated Helle steel, stainless
Blade Thickness: 0.106"
Handle Material: Curly Birch
Length - Blade: 2.76"
Length - Handle: 3.54"
Length - Overall: 6"
Weight with Sheath: 4.02 oz

DID YOU KNOW?

In an effort to reduce damage, we typically stop shipping temperature sensitive products around the middle of December to the northern states. There is no hard-and-fast rule when we stop shipping so please understand that it is important to plan ahead and order before cold weather hits. Also, there are times in the winter when we will only ship temperature sensitive products Monday through Wednesday. We do this because we've found that delivery vehicles are typically left unheated over the weekend. By not shipping on Thursday & Friday we can minimize possible freeze damage of products, saving a lot of hassle in the long run.
